

AGENT ANNOUNCEMENT

January 28, 2014

Unistrut is pleased to announce that Rolston Hogstrom, Inc. has been chosen to represent us in the STAFDA market in Eastern Wisconsin, Illinois and Indiana. I will be working with RHI directly as the acting Midwest Regional to get them trained and up to speed on the Unistrut product line.

As part of this change, Production Products will be focusing solely on the PVF market and Bill Casey Sales will be focusing on the Electrical Market in their coverage areas. Unistrut would like to thank both for covering the STAFDA market as long as they have in their areas.

Unistrut is the original metal framing system featuring a unique weldless connection. The Unistrut system eliminates welding and drilling, and is easily adjustable and reusable for infinite configurations. Over time, our brand has evolved from a simple connection concept to a comprehensive engineered building and support system featuring a robust line of channels, fittings, fasteners, hangers, pipe clamps, and accessories. Backed by our worldwide network of engineering and distribution centers, we provide customers with total-resource capability, making Unistrut the brand everyone asks for by name. To learn more about Unistrut products, please visit www.unistrut.us.

We are very excited to have the Rolston Hogstrom, Inc. representing Unistrut products.
